MOLIT Symposium 2019

Translational Oncology meets IT

Key message

The first MOLIT Symposium is actively promoting the dialogue of implementing personalized medicine into treatment routine. Therefore, a platform to interlink practicing physicians and IT experts is formed. This opens up possibilities to join forces between oncology and IT on problems in patient care to make solutions usable in everyday clinical practice.

Workshops and discussions will cover various facets of personalized medicine from different perspectives. The participants get to know examples of implementation in everyday clinical practice and experience the practicability of their own projects. Personal ideas and solution approaches can and should be introduced and actively discussed to contribute to the paradigm shift in healthcare.

Tickets

The registration fee for the MOLIT Symposium 2019 is:
€ 850.00 per person for the plenary session
€ 1,275.00 per person for the plenary session and participation in the workshop program
all prices plus VAT

Organizer

The MOLIT Institute is a non-profit research institute for personalized medicine located in Heilbronn, Germany. Its focus is the development of customized therapies for cancer diseases and their translation into general medical care. It is adopting an integrated approach of medicine and IT by joining and mathematically modelling complex data of different molecular analytical methods as well as clinical and patient reported outcome.

Monday, March 18th to Wednesday, March 20th 2019
Auditorium Bildungscampus, Heilbronn Germany

Program

Workshops

The workshops start on Monday, March 18th 2019.

There are three workshops with ca 20 participants each and teams of moderators. Diverse perspectives like medicine and IT are considered by addressing different target groups.

01
Developing and implementing a molecular tumor board

The cancer center of SLK Kliniken Heilbronn is showing the structure and regular implementation of their molecular tumor board as an example. Focusing on organizational and technical optimization, the participants actively discuss and introduce their personal experiences.

02
Interoperability of knowledge databases

There is a great diversity of data sources worldwide which e.g. provide information on genetic alterations of cancer diseases. However, linking and evaluating the data can be quite difficult. On one side there is semantic interoperability, which means joining data of the same type from different databases. On the other side we have to consider technical interoperability, which focuses on standardized interfaces. Achieving interoperable databases allows us to use knowledge worldwide for decision support in everyday clinical practice.

03
Study designs for personalized medicine

Present study designs are based on large groups of patients e.g. for testing the efficacy of medication. However, personalized medicine focuses on customized therapies for one single patient. Participants discuss possible solution approaches for selected topics (immuno-oncology, DNA repair, cell cycle).

Registration

Plenary

Tuesday, March 19th 2019

02:30 – 03:00 p.m.	**Opening** Christian Fegeler, MOLIT Institut gGmbH Uwe Martens, MOLIT Institut gGmbH Reinhold R. Geilsdörfer, Dieter Schwarz Stiftung Lord Mayor Harry Mergel, City of Heilbronn
03:15 – 04:15 p.m.	**Molecular and immunotherapeutic approaches** Timothy A Yap, The University of Texas MD Anderson Cancer Center Lars Bullinger, Charité – Universitätsmedizin Berlin
04:30 – 06:20 p.m.	**Opportunities and Challenges of Personalized Medicine** Aaron Ciechanover, Nobel laureate 2004 Clem J. McDonald, National Library of Medicine
06:20 – 09:30 p.m.	**Evening program**

Wednesday, March 20th 2019

|	
09:00 – 10:30 a.m.	**Digitization** Harald Binder, Medical Center – University of Freiburg Jianjiong Gao, Memorial Sloan Kettering Cancer Center Simone Heckmann, HL7 Deutschland e.V.
10:45 – 12:15 p.m.	**Patient incorporation** James Agnew, Centre for Global eHealth Innovation Cristina Galvão, University of São Paulo Eva Winkler, NCT Heidelberg
01:30 – 03:00 p.m.	**Public discussion of workshop results**
03:00 – 03:30 p.m.	**Conclusion**

The event is recognized as a further education by the Landesärztekammer Baden-Württemberg.

Travel and Accommodation

01 Mercure Hotel Heilbronn

Address: Platz Am Bollwerksturm 2, 74072 Heilbronn
Category: ****
Distance to venue: 0,3km
Price per person per night: approx. 119,00€
Link to hotel website:
https://www.accorhotels.com/de/hotel-8313-mercure-hotel-heilbronn/index.shtml

02 Hogh Hotel Heilbronn

Address: Jakobgasse 9, 74072 Heilbronn
Category: ***
Distance to venue: 0,8km
Price per person per night: approx. 95,00€
Link to hotel website:
http://www.hogh-hotel-heilbronn.de/de/

03 Insel-Hotel

Address: Willy-Mayer-Brücke, 74072 Heilbronn
Category: ****
Distance to venue: 1,0km
Price per person per night: approx. 169,00€
Link to hotel website:
https://www.accorhotels.com/de/hotel-8313-mercure-hotel-heilbronn/index.shtml

04 Best Western Hotel am Kastell

Address: Kastellstraße 64, 74080 Heilbronn
Category: ***
Distance to venue: 2,8km
Price per person per night: approx. 85,00€
Link to hotel website: https://www.bestwestern.de/hotels/Heilbronn/BEST-WESTERN-Hotel-am-Kastell

05 City-Hotel

Adresse: Allee 40, 74080 Heilbronn
Category: *** ½
Distance to venue: 0,8km
Price per person per night: approx. 98,00€
Link to hotel website: https://www.city-hotel.de/

06 Hotel PARK VILLA

Address: Gutenbergstraße 30, 74074 Heilbronn
Category: *** ½
Distance to venue: 2,3km
Price per person per night: approx. 108,00€ – 118,00€

Approach

Directions by car

The closest parking garage can be found at "Parkplatz Rollschuhhalle" at Mannheimer Str. 39, 74076 Heilbronn. Walking distance to the venue: 5 min

Nearby the venue you can find a parking garage with over 500 parking places. The address of the parking garage is Weipertstraße 51, 74076 Heilbronn. Walking distance to the venue: 8 min

Please note that the parking garages demand parking fees.

Directions by public transportation

Directions by bus
Several inner-city and regional bus lines go to the education campus (venue). Possible stops are "Am Europaplatz" and "Hallenbad Soleo".

Directions by train
With the S42 from Neckarsulm
Heading to Heilbronn, please stop at "Theater" station. From here, walk on Mannheimer Straße towards Europaplatz. Walking distance: 5 min

With the S4 from Baden-Baden, Karlsruhe, Eppingen, Heilbronn or Östringen
With the light rail S4 between Baden-Baden / Karlsruhe / Östringen you reach the city of Heilbronn easily. At the Harmonie stop, change to the S42 in the direction of Neckarsulm. The Theater stop is just a 5-minute walk from the Bildungscampus.

By train from Würzburg, Stuttgart, Mannheim or Heidelberg
Heilbronn is connected to the ICE stops in Würzburg, Stuttgart and Mannheim. From Heilbronn main station or the Willy-Brandt-Platz station (station forecourt), take the S42 tram to the Theater stop. From here, walk on Mannheimer
Straße towards Europaplatz. Walking distance: 5 min

Directions from airport
Landing in Stuttgart or Frankfurt airport.
Both airports are connected to the Deutsche Bahn (German railway) network.
The S-Bahn lines S2 and S3 run on weekdays every 10 minutes and on weekends every 30 minutes between Stuttgart Airport and Stuttgart Main Station. From Stuttgart Central Station there are connecting trains to Heilbronn available. Arriving at Heilbronn main station, continue from Willy-Brandt-Platz (station forecourt) as described above with tram S42.
Frankfurt Airport has its own ICE train station. From Mannheim / Heidelberg take regional trains to Heilbronn main station - from there continue on the S42 urban railway as described above.
